JANUARY

***CJHA Membership Fees for 2025 are due!
Contact the CHA office***

The CJHA Heifer Lottery is a fundraising project administered by the CJHA to help junior members invest in building their own Hereford herds and widely recognize established Hereford breeders that support CJHA activities. Hereford breeders are contacted by CJHA delegates each year and asked to participate with an annual \$150 enrollment fee. This fee goes towards funding multiple Heifer Lottery vouchers that are won by active CJHA members at a draw held at Bonanza. These vouchers are used to offset the purchase price of the heifer sold. The number and value of vouchers available each year depends on the number of breeders that commit to the project. Vouchers can only be used by CJHA member named on the certificate, for the purchase of a heifer, at a recognized Heifer Lottery sale or private treaty breeder sale. The voucher is only valid until the next Bonanza, at which point it becomes void.

Sunday Monday Tuesday Wednesday Thursday Friday Saturday

The Canadian Junior Hereford Association has, for many years, assisted its members in developing their breeding program through the **SEMEN DONATION PROJECT**. This program depends on the support of Canadian Hereford breeders to donate semen from top Hereford bulls from across Canada. The CJHA conducts a draw to award donated semen to junior's who nominate their females. By doing this CJHA members are given the opportunity to improve their own breeding programs by having access to free semen to artificially inseminate their own registered Hereford females from some of the top bulls in the industry as donated by Canadian Hereford breeders.

The semen donation program is one of the most far-reaching programs offered by the CJHA. By providing juniors with greater access to superior genetics, they are able to improve the cattle they have available for sale. Sales that often finance herd expansion and allow the junior to establish a career in agriculture or finance post-secondary education. The semen donation program is also linked to Bonanza, as one of the conformation classes in the cattle show is made up exclusively of entries that have resulted from the semen donation program.

Thank you
Copper Creek Ranch

Generations of Canadian Junior Hereford youth have benefitted from the Legacy sponsorship provided by Copper Creek Ranch. Continued support ensures each Bonanza hosted across this wide country delivers quality programming and youth development opportunities for our youth.

The next generation of Hereford youth are set up for success thanks to the ongoing support of Copper Creek Ranch. Whatever the future holds, the Bonanza experience will help them succeed!

BETTER YOUR BEEF HEREFORD

Today's progressive beef producers know the value of Hereford genetics in their breeding program for maximum hybrid vigour, superior maternal ability, time-tested longevity and easy to manage characteristics. Hereford's unique value is critical for long term success.

It's time to better your beef, an better your business, with the tried and true benefit of Hereford.

The Keith Gilmore Foundation was established in 1987 to provide scholarships to worthy applicants in the fields of agriculture, veterinary medicine and agriculture journalism.

Scholarships are presented each year and total presentations have reached over 160 since 1987. The program continues to grow and support young achievers in the agricultural community.
